

## Cuesta College Comparison Salary Scale:

### Full-time vs. Part-time

Fall 2008

The chart assumes that each person starts at column four, step 3 and advances accordingly, teaching 60% or 100%. The slope of part-timer's salary increase is 1/2 of that of a full-timer. Bottom line: PTERS earn 1/2 the raise of a FT (in percentages) and earns 70 cents to the FT dollar, pro-rated.
